

# Anwar Albadarneh

QA Engineer Trainee

Amman, Jordan • +962 787 524 611 • anweralbadarneh@gmail.com  
LinkedIn

## Professional Summary

Motivated QA Engineer Trainee and fresh graduate in Software Engineering with a strong foundation in manual software testing. Hands-on experience in executing test cases, identifying and reporting defects, and supporting QA activities for web-based applications. Familiar with functional, regression, and basic usability testing, bug tracking tools, and SDLC concepts. Eager to learn automation testing practices and grow within a collaborative QA team environment.

## Experience

### Rida Labs — Junior QA (Exploratory Testing, Part-Time)

2025 – Present

Remote

- Assisted in executing manual and exploratory testing for AI-based web applications.
- Identified, documented, and reported functional issues and unexpected behaviors.
- Supported defect tracking by providing clear and structured bug reports to developers.
- Verified fixes and ensured application stability before updates and releases.

### Luminus Technical University College — Lumineer

Jun 2024 – Nov 2024

Amman, Jordan

- Communicated system and academic information clearly to prospective students.
- Demonstrated attention to detail and accuracy while handling multiple inquiries.
- Strengthened teamwork and communication skills in a fast-paced environment.

## Education

### Higher National Diploma in Software Engineering

2022 – 2024

Luminus Technical University College (LTUC), Jordan

Grade: Very Good

## Training

### Quality Assurance – Manual & Automation Testing Program

4 Months

Luminus Technical University College

- Manual testing fundamentals: test cases, test scenarios, and defect lifecycle.
- Executed functional, regression, and basic usability testing.
- Learned defect tracking and test management using Jira and Zephyr Scale.
- Gained basic exposure to automation testing tools and workflows.

## Technical Skills

**Testing:** Manual Testing, Test Case Writing, Test Scenarios, Functional Testing, Regression Testing, Usability Testing

**Tools:** Jira, Zephyr Scale, Postman, Selenium (basic), Cypress (basic)

**Concepts:** Software Testing Fundamentals, SDLC, Defect Lifecycle, API Basics

**Soft Skills:** Attention to detail, analytical thinking, teamwork, willingness to learn
